When the successor of St. Peter came to the lie, that the doctrine of immaculate Conception had been received, there was no Paul to withstand him to the face? On the contrary, he was in the lowest cajolery when the French bishops looked his holiness in the face and said, "Holy father! thou hast decided the immaculate conception; thou hast decided thine own infallibility."

**Skin Diseases and Glandular Swellings.**

Very species of Interior irritant is quickly rejected by the anti-inflammatory action of the Ointment. Any Eczema, or other skin disease, such as Eczema, ERYTHEMA, ITCHING, RINGWORM, SCALD, etc., the Scurvy Itch, etc., will be cured by its use, or, to return on nature, under its application.—Hospital experience is in favor of its use, and its inability to injure the skin, the most delicate of human organs.

**ULCERS, SORES, & TUMORS.**

The effect of this purgative skin remedy upon Boreas, and other venereal diseases, is almost miraculous. It first dissolves the poison which produces suppuration and proud flesh, and then the cure which it produces is permanent. Wounds, bruises are safe as well as permanent.

**Wounds, Bruises, Burns and Scalds.**

In case of any of these, the Ointment should be applied immediately, and the patient should be kept cool, and the part should be protected from the sun.
